

Dear Cheer Tyme Athletes,

Cheer Tyme has been informed by the USASF that World's has indeed been cancelled. We have also heard from Varsity Brands that they have cancelled the rest of their May and June events. However, they are offering a one of a kind Summit experience in late June. As wonderful as this event sounds for our customers we believe this does not fit into the best case scenario for our program to continue while we are still making an effort to flatten the curve. Our athletes and families have always been the most important to us. With no clear answer in Pennsylvania on when we will actually reopen and what that reopen will logistically look like, Cheer Tyme has decided to forgo the remainder of our 2019-2020 season. This certainly leaves us with a feeling that we have, "Unfinished Business." We have continued to focus our efforts as gym owners and our program on positivity throughout this pandemic, in hopes that our events could be moved back. Well, we now know that it is Tyme to end the 2019-2020 season, and celebrate what we have accomplished as a program.

We successfully started our first Non-Tumble Worlds team and they were amazing. We look forward to what our Central PA athletes will accomplish as "Love" in season 23. Our Level 4 and 5 Senior teams, Desire and Crush, put on some of their best performances at Cheersport, and they really came together poised to finish our season strong at our last few events. With young talent on both teams, we are excited for an even stronger season 23. Our Junior 1 and 3 teams, Heartbreakers and Heart Stoppers, grew so much this season. Heartbreakers earned an opportunity to compete at The D2 Summit, which is such an amazing honor. We are sure Heart Stoppers would have earned their chance at the future upcoming events. The good news is these athletes have another year of opportunity to grow together and get even stronger at stunting and tumbling. ClemenTinies, Inspiration and Persuasion were lucky to compete in our last big event in Wildwood and did absolutely amazing! We are so proud of the improvements all our athletes have made and look forward to continuing our program's growth into season 23.

Our graduating senior athletes will be greatly missed and they did not get the type of respect and recognition they so deserved to end their Cheer Tyme career. Please take a minute to say great job and good luck to our graduating seniors on Social Media. **Katie Emborsky** from Love and Crush, has signed to cheer NCATA at West Liberty University in West Virginia. **Ragen Herrera** from Crush, will attend and cheer at Lock Haven University. **Reagan Swenson** from Love, Crush, Desire, and Inspiration, will attend West Virginia University. **Alexa Ramos** from Love, Desire, and Inspiration, plans to attend either ASU or HACC and return to Cheer Tyme for her super senior year. **Rochelle Doyle** from Love, and Inspiration, is currently undecided on her University but if circumstances allow she will return to super senior next year. **Amy Miller** and **Breon Grant** both from Inspiration, are graduating and will continue on Inspiration next season.

In closing out Season 22, we will be recognizing our 2019-2020 athletes with our Athlete Spotlight. Please respond to the Group Me message so we can create your athletes special Spotlight for social media. In addition we will send out a survey to our families to receive your feedback for the future of Cheer Tyme and season 23. Keep your hearts and heads up; what seems like a setback to our sport will really be a comeback for our families, athletes and Cheer Tyme! 2020-2021 "We Have Unfinished Business!"

We will see you all next season.

Love you all,

Kim and Crasher
